

For your patients with dystrophic epidermolysis bullosa (DEB)

- Education & Support
- Resources for Your Office
- Getting Patients Started on Therapy

INDICATION AND USAGE

VYJUVEK is a topical gel indicated for the treatment of wounds in patients 6 months of age and older with dystrophic epidermolysis bullosa (DEB) with mutation(s) in the *collagen type VII (COL7A1)* gene.

IMPORTANT SAFETY INFORMATION

WARNINGS AND PRECAUTIONS

Accidental Exposure to VYJUVEK gel: VYJUVEK will not replicate in the subject's cells and does not integrate into the subject cells' native genetic material. For precautions, avoid direct contact with treated wounds (e.g., touching or scratching) and dressings of treated wounds for approximately 24 hours following treatment.

Please see additional Important Safety Information throughout and accompanying full Prescribing Information in the pocket.

Krystal Connect™ is a personalized patient support program

Krystal Connect provides personalized support for your patients during their VYJUVEK® (beremagene geperpavec-svdt) treatment journey. Services include:

Educating patients about VYJUVEK and living with DEB

- Providing disease education and resources on DEB
- Webinars, emails, and programs that share real-world experience from those on VYJUVEK
- Connection to additional resources for the DEB community through advocacy groups

Providing insurance coverage support

- Assist with the insurance process, including benefits investigation and prior authorizations
- Informing patients about potential financial assistance options and eligibility

\$0 Co-pay Program*: for those who are eligible and commercially insured, this program may reduce out-of-pocket costs for qualified patients to as low as \$0.

- Patient Assistance Program†: for eligible patients without insurance, or who may have insurance but don't have VYJUVEK coverage, our Patient Assistance Program may be able to provide VYJUVEK at no cost
- If it is determined that a patient is not eligible for a Krystal Connect financial assistance program, Krystal Connect may be able to help them find charitable organizations that may offer third-party assistance

Supporting routine wound care

- VYJUVEK can be administered in your patients home or at a healthcare setting
- >95% of patients have VYJUVEK applied weekly at their home

*Patient Eligibility & Terms and Conditions: the VYJUVEK Co-pay Program is available only to commercially insured patients with a valid prescription for VYJUVEK. Patients must be US citizens or residents for at least six months. Patients or their guardian must be 18 years of age or older to enroll in the program. **Patients are not eligible for co-pay assistance through the VYJUVEK Co-pay Program if they are cash-paying patients, or enrolled in any state or federally funded programs for which drug prescriptions or coverage could be paid in part or in full, including, but not limited to, Medicare Part B, Medicare Part D, Medicaid, Medigap, VA, DoD, or TRICARE (collectively, "Government Programs"), or where prohibited by law.** This offer is not health insurance. The VYJUVEK Co-pay Program applies only to out of pocket costs associated with VYJUVEK and not the cost of related medical services. In any calendar year commencing January 1, the maximum co-pay benefit amount paid by Krystal Biotech, Inc. will be \$15,000. Eligible patients may pay as little as \$0 per prescription, up to the annual maximum co-pay assistance amount of \$15,000. Additional terms and conditions apply. See www.krystalconnect.com/pdf/us_terms.pdf for full terms and conditions.

†The VYJUVEK Patient Assistance Program (PAP) is designed to provide VYJUVEK at no cost to eligible patients who meet certain financial need and insurance coverage eligibility criteria. Patients may be eligible to receive free drug if they demonstrate qualifying financial need, are uninsured or functionally uninsured, are US citizens or residents for at least six months, and have a valid prescription for VYJUVEK as supported by information provided in the program application. Eligibility does not guarantee approval for participation in the program. The PAP does not cover the cost of previously purchased product or medical services. See www.krystalconnect.com/pdf/us_terms.pdf for full terms and conditions.

IMPORTANT SAFETY INFORMATION

WARNINGS AND PRECAUTIONS (cont'd)

Wear protective gloves when assisting subjects with changing wound dressings and handling the disposal. In the event of accidental exposure (e.g., through a splash to the eyes or mucous membranes), flush with clean water for at least 15 minutes.

Krystal Connect™ provides support to people living with DEB and their care partners

When starting VYJUVEK® (beremagene geperpavec-svdt), you, your staff, or your patients and their caregivers may have questions about their treatment, its cost, and their insurance coverage.

Patient Access Liaisons (PALs)

PALs can help with a broad range of topics:

- Treatment coordination
- Educational resources and webinars
- Insurance coverage and financial assistance

PALS are experts in health insurance and helping patients understand the healthcare system

Clinical Nurse Educator (CNE)

The CNE is a resource for patients, families and healthcare professionals and can provide comprehensive support and treatment education on:

- Wound preparation
- VYJUVEK application
- Dressing support & practical considerations

The CNE works along side patients and their care team to ensure a successful treatment journey.

*PALs and CNEs do not direct patient care or provide medical advice.

IMPORTANT SAFETY INFORMATION

WARNINGS AND PRECAUTIONS (cont'd)

Clean all surfaces that may have come in contact with VYJUVEK biological suspension or gel and treat all spills with a virucidal agent.

Dispose all materials (e.g., vial, syringe, needle, cleaning materials) that may have come in contact with VYJUVEK biological suspension or gel into a biohazard bag or container.

Please see Important Safety Information throughout and accompanying full Prescribing Information in the pocket.

How to get patients started on VYJUVEK®

Follow the steps below to get your patients started by enrolling them in Krystal Connect, a personalized patient support program.

Prescribe and enroll:

Complete and submit the Krystal Connect Enrollment Form. This is the VYJUVEK prescription form and enables patient enrollment into Krystal Connect. This is the first step to getting patients access to VYJUVEK. FAX 1-833-782-7852 or 1-412-643-3380.

[Click Here](#) to download Enrollment Form

Investigate coverage:

Work with Krystal Connect on benefits investigation and confirmation, including, where applicable, prior authorizations.

Determine administration site:

Work with Krystal Connect to confirm where to receive VYJUVEK. Most patients have VYJUVEK shipped to their home.

Scan this code to learn more and download resources at VYJUVEKhcp.com

IMPORTANT SAFETY INFORMATION

ADVERSE REACTIONS

The most common adverse reactions (>5%) were itching, chills, redness, rash, cough, and runny nose.

Please see Important Safety Information throughout and accompanying full Prescribing Information in the pocket.
